

I would like to urge the FCC to reject the NAB's petition 04-160. I am happy to have the choice of Satellite Radio. I am tired of listening to the profane commercials and songs on regular radio. Satellite radio allows me options to the commercial ridden and trash that has become the standard radio fare. I subscribe to this service, I have made my vote known by subscribing. Please support this option and allow my family to continue enjoying our choices.

Respectfully,
Harry L Hoover
